

MURTAL HOLIDAY REGION

Take a trip on a real, snorting, puffing, steam[.] ng, hissing steam train. It'll be one to rememer. Regular timetable from June to September.

The longest coaster ride in Styria means you can enjoy whizzing downhill even when there isn't any snow. At speeds of up to 41 km/h the track will take you around lots of curves and over bridges. If the weather is bad: try Plank's Ponyhof indoor pony riding in Scheifling.
